Our projects

10 years supporting teachers

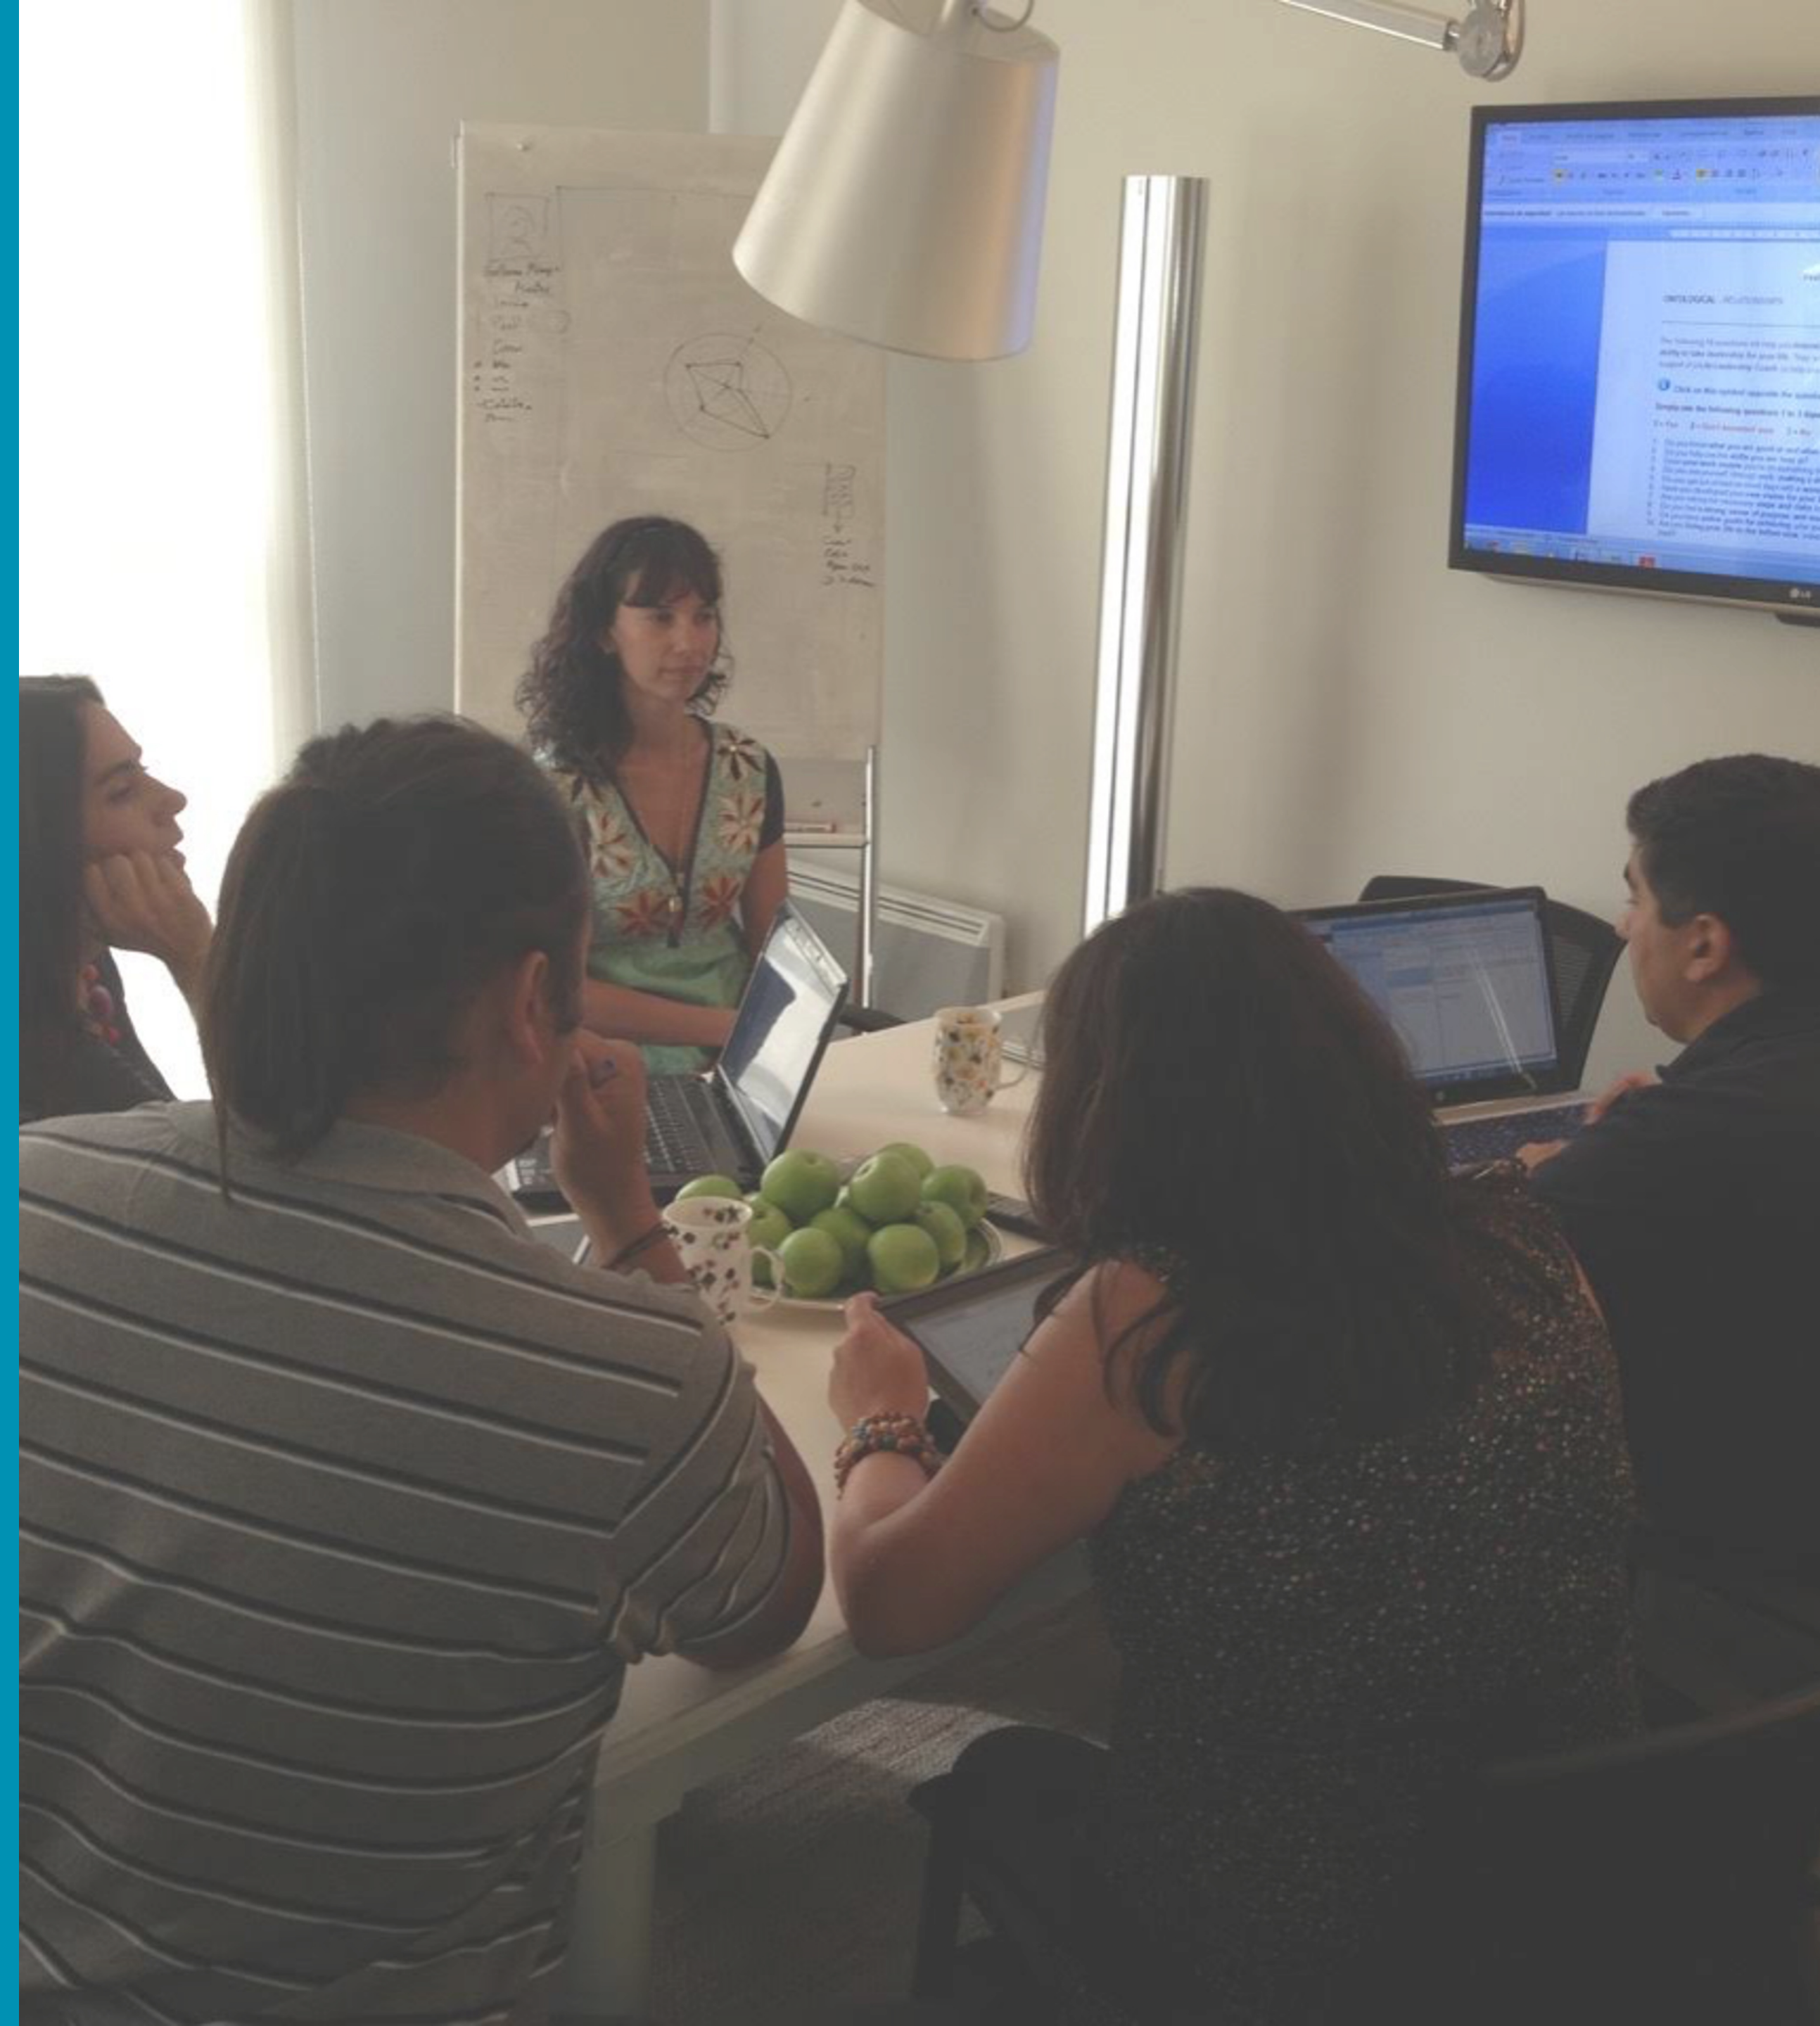

Tu clase tu país was born out of the desire to contribute to the improvement of the educational systems of Latin America, betting on empowering and training teachers in an integral way.

2012

Creation of Edu2pro model, consisting in developing a network of integral development for teachers through a digital platform. Later it will change its name to Docente al Día.

2013

Development of the first 120 courses. Docente al Día changes its name to **Tu clase, tu país.**

2014

Plan Ceibal and Consejo de Formación en Educación (Uruguay): Enabling of a teacher professional development system, and face-to-face transfer workshops for local teams

2015

CPEIP: Enabling of a teacher professional development system, and face-to-face transfer workshops for local teams of Chile's Ministry of Education.

2017

- JUNJI: Diploma for Directors of Leadership and Coexistence program.
- Samsung: Development and implementation of courses aligned with the objectives of the technology curriculum for teacher training in programming and computational thinking
- Secretaría de Educación de Bogotá, Colombia: Enabling of a teacher professional development system, and face-to-face transfer workshops for local teams of Secretaría de Educación de Bogotá.
- Ministerio de Educación de la Nación: INET, Argentina. Professional development programs for 40.000 teachers of the technical-professional education at national level.
